

# Spring plunger

New

PDD

With adaptor for sensor

- **Spring plunger with sensor adaptor**
- specially designed for flush fitting inductive proximity sensors.
- Robust, compact design with fine pitch thread
- Switching point is adjusted via the position of the sensor
- Sensitivity of switching point can be adjusted over the entire stroke.

- Materials:

Body and pin: Stainless steel 1.4305

Spring: Stainless steel

Nut: Nickel plated brass (ISO 4035)

## Application

- Positioning with built in position detection

## Info

- Detector not supplied

Typical application

Dimensions in mm

- An actuating plunger suitable for use with a rear mounted detector
- Can be used with any type of detector
- Materials:
  - Body: Burnished steel
  - Spring: Stainless steel
  - Nut: Blackened steel (ISO 4035)
  - Detector shaft: Black nitride steel

### Application

- Plunger for use in tools where detection is required

### Info

- Detector not supplied

Typical application
