

Hammerhead screw

PRFvTM MiniTec

- Screws can be inserted at any point along the slot in the profile.
- Material: zinc plated steel
- **Not sold individually, contact us for details**

Advantages

- Hammerhead screws are a simple way of adding components or accessories onto profiles that have already been assembled

Assembly

- Place the screw in the slot at the required position, mount the accessory to be added and tighten the M8 nut
- Tightening the nut causes the screw to become perpendicular to the slot.

Typical application
