

Floway2® roller track and basic support

RAG- FLOW2

Principal of operation

- The Floway-2® roller track allows storage systems to be created for plastic boxes or cardboard cartons

Support

- For easy installation of roller tracks
- Suitable for use in gravity feed conveyors
- Material:
Electro-galvanised steel

Assembly

- Slide the roller track into the end support
- Position the complete assembly on the supporting structure
- Track can be locked in place using a screw (tapped hole to be drilled on site)

Basic support

Support with stop

Floway2® roller track and basic support

For transporting and storage

RAG-FLOW2

- **High density polyethylene roller**
- Chromed steel guide (no deformation under load)
- Rollers rotate on steel axles
- Colour: Black

Special Features

- The possibility of being able to stagger the position of the rails increases the performance of the system
