

# T-Clip - Aluminium profile attachment

Hook

TCL-CR

- Hook
- Description: A cable holder equipped with 2 base plates that makes it possible to run 2 electrical cables along an aluminium profile.

## Advantages

- Allows all kinds of objects (brushes, keys, dusters, etc.) to easily be hung from a profile
- Objects can be stored tidily but remain easily accessible
- Being manufactured from 304 stainless steel, they are suitable for use in all sorts of environments.
